INVEST IN BETTER FUTURE – GET YOUR SECOND PASSPORT IN EU

CYPRUS CITIZENSHIP PROGRAM IS EASY AND FAST CITIZENSHIP BY INVESTMENT IN REAL ESTATE

The investment immigration program in Cyprus has proven to be the most popular route for High Net Worth investors seeking a second passport in Europe. The Cyprus program offers full EU citizenship and a second passport to an investor and his or her family (including dependents up to age 28) within just 180 days and with no residency requirement currently.

5 SIMPLE STEPS OF OBTAINING CITIZENSHIP:

1. DEPOSIT AND INVEST

We will tailor a visit to suit, provide an itinerary, arrange property viewings and a meeting with a legal representative. Investors will need to select one or several real estates to meet the required investment of €2,000,000 and place a reservation deposit on the property to begin the purchase. If it is not possible for investors to visit at this stage, they can select and reserve a property remotely with the help from Oruga Group and our legal team.

2. APPLICATION SUBMISSION

Following the investment, our legal team will begin the application for the main investor and spouse, undertake due diligence and prepare all the supporting documentation. On submission of the citizenship application a permanent residency permit will also be applied for which will takes less than 2 weeks to obtain. Every adult applicant is required to be the holder of a PR card for a period of at least 6 months prior to collecting their passport/national ID.

3. BIOMETRICS

Biometric data will need to be submitted, this can either be done during a further visit to Cyprus or it is possible to visit certain Cypriot embassies to submit the data. It is also possible at this stage for investors to collect their residency permit cards.

4. APPROVAL IN PRINCIPLE – 3 MONTHS

The time frame set by the Government for the examination of the citizenship application is 3 months from submission. At this stage you will receive an 'in principal' approval certificate.

5: COLLECT PASSPORT

Following the approval in principle, once investors have held their PR cards for a total period of six months their new Passports/ID's can be collected. The total process will only have taken just over 6 months. It's at this stage that the main applicant's dependents can then apply for citizenship.
